RE: Notification of Nutritional Support Statements

To whom it may concern:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of L-Arginine, a dietary supplement. Source Naturals® is the manufacturer of L-Arginine.

Statements being made in the labeling of L-Arginine

- 1) L-Arginine is a crystalline, free-form amino acid.
- 2) It is an important factor in muscle metabolism and works to transport, store, and excrete nitrogen.
- 3) It is a precursor for nitric oxide, which promotes increased circulation by relaxing blood vessels
- 4) Each tablet provides 1,000 mg for convenient dosage.

To the best of my knowledge and belief, and based upon information available at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals® possesses substantiation that the statements are truthful and not misleading.
